NEW MEASURES TO BE INTRODUCED

Clinedinst Says Union Labor Chiefs are Framing Bill to Increase Commissioner Doherty's Authority.

Yesterday's Richmond News-Leader contained the following interview with Mr. J. B. Clinedinst, of this city: "Important bills in the interest of organized labor are now being framed and will be introduced at the next session of the legislature," said J. Bernard Clinedinst, of Norfolk, district organizer of the American Federation of Labor, after a brief conference with States Labor Commissioner James B. Doherty, yesterday afternoon.

"I have just discussed with Mr. Doherty the measure which contemplates broadening the powers of the State labor commissioner," continued Mr. Clinedinst. "That office has been of incalculable benefit to the working people since it was created a few years ago."

"In every part of the State conditions have been improved. Commissioner Doherty is entitled to much credit for what he has accomplished. He is recognized as an exceptionally efficient officer, whose administration has been a blessing to the toiling masses, but the scope the law gives him is not wide enough; his authority is restricted. The best minds in the councils of organized labor in Virginia have agreed upon this after long and careful study of the subject."

"It is now proposed to give the commissioner a wider field of action and more authority. The interests of labor demand it."

"The next legislature will be asked to increase the appropriation for the office of State labor commissioner. This is an absolute necessity if the laws enacted for the benefit of the working people are meant to be effective. At present we have some excellent laws, but labor derives practically no benefit from them, because they are not enforced by the commonwealth's attorneys in the cities and counties of the State."

"The lethargy of these officers is due frequently to local causes, usually the dominant influence of capital and politics. But whatever the reason may be the fact remains that the laws are not enforced. I refer to the child-labor law, the act requiring seats to be provided for employees in stores and shops, the employers' liability law and the law requiring plumbers to obtain a certificate of competency from an examining board before working as journeymen."

"The State commissioner should be vested with authority and provided with the means to enforce these laws. We have mapped out a campaign which will be inaugurated at the opening of the new session and have every reason to believe that it can be passed to a successful finish."

Notice of Suit.

Notice of suit was filed in the clerk's office of the Circuit Court yesterday by C. Aylett Ashby, administrator of the estate of P. W. Kline, deceased, against J. D. G. Brown, co-administrator of the estate of P. W. Kline, deceased, et al in chancery.

WAS THE SHOT ACCIDENTAL?

James Ferguson, Who Was Examining Weapon When It Went Off, and His Friends Put Up That Plea—Woman's Wounds Serious.

(Special to the Daily Press.)

NORFOLK, VA., Aug. 4.—Margaret Moran, a young woman who recently figured in newspaper stories in Norfolk, was shot by James Ferguson this morning in a building adjoining the club operated by Ferguson in Norfolk county, not far from Sewell's Point.

A charge of shot entered the victim's chest and abdomen and anywhere from twenty-five to one hundred particles of lead are in her body. Ferguson had not been arrested up to this afternoon and none of the county officials seem to know whether or not he will be taken into custody.

Ferguson says that the shooting was accidental, and several witnesses, his friends, corroborate his story of the affair.

Through Lattice Partition.

Dr. Farmer, who is one of the Norfolk county magistrates, attended the woman soon after the shooting and he called Dr. Graves into consultation. The house in which the woman was shot is in the rear of the club house in which Ferguson does business. A lattice partition separates two rooms. In one, according to Ferguson's statement the woman was asleep in bed. He was in the other room with several friends examining a shotgun. The trigger was moved accidentally and the entire load was discharged through the lattice work. She jumped out of bed with a scream and ran for the door. On reaching the sill she fell to the ground unconscious.

Little Miss Marian Johnson, the daughter of Mr. and Mrs. Thomas Johnson, who was operated upon for appendicitis in the Dixie hospital by Dr. Harry D. Howe, was resting nicely yesterday. The operation was a perfect success and the recovery of the little girl is said to be assured. Little Miss Marian is just ten years old.

The condition of Mr. John W. Boyenton, who has been very ill since his return from the Hot Springs, was slightly improved yesterday.

Mr. Silas Daugherty is very ill at the home of his mother, near Lord by's Crossing.

Mrs. E. M. Tennis and two children are very sick with fever at their residence near Buckroe beach.

Two of Mr. Thomas Wilson's children are very sick at their residence in Melrose avenue with typhoid fever.
